Authority under Section 16-115 of the	:	
Public Utilities Act.	:	

**ORDER**

By the Commission:

**I. PRELIMINARY MATTERS**

On February 16, 2017, Inspire Energy Holdings, LLC (“Applicant”) filed a verified application with the Illinois Commerce Commission (“Commission”) requesting a certificate of service authority to operate as an alternative retail electric supplier (“ARES”) in Illinois pursuant to Section 16-115 of the Public Utilities Act (“Act”), 220 ILCS 5/10-115 et seq., and 83 Ill. Adm. Code 451 (“Part 451”). Applicant submitted its certificate of publication showing that on February 17, 2017, proper notice of the application was published in the official State newspaper.

**II. AUTHORITY SOUGHT BY APPLICANT**

Applicant requests authority to offer the sale of electricity and power to eligible residential and non-residential retail customers in the Commonwealth Edison Company (“ComEd”) service territory. Applicant indicates that it is not seeking authority to provide single-billing services under subpart F of Part 451.

**III. REQUIREMENTS FOR ALL APPLICANTS UNDER SECTION 16-115(d) OF THE ACT**

Applicant is a Delaware limited liability company, headquartered in Santa Monica, California, and has not been previously certificated as a retail electric supplier in Illinois. The Applicant indicates it is currently licensed to provide similar services in Maryland, Ohio, Pennsylvania, New Jersey, New York and Massachusetts. Applicant states that it does not and will not have employees that will be installing, operating, and maintaining generation, transmission, or distribution facilities within the State of Illinois. Applicant indicates that it has not contracted with any other entity to perform these functions. No demonstration of compliance with the requirements of Section 451.20(f)(2) has been made and Applicant’s employees are not permitted to perform such functions, and other entities are not permitted to perform such functions pursuant to contractual arrangements with Applicant.

Applicant has certified that it will comply with all applicable regulations; that it will provide service only to retail customers eligible to take such services; that it will comply with informational and reporting requirements established by Commission rule; that it will comply with informational and reporting requirements pursuant to Section 16-112 of the Act; and that it will comply with all other applicable laws, regulations, terms, and conditions required to the extent they have application to the services being offered by an ARES. Additionally, Applicant has agreed to submit good faith schedules of transmission and energy in accordance with applicable tariffs. Applicant has agreed to adopt and follow rules relating to customer authorizations, billing records, and retail electric services and agrees to retain requests for delivery services transmitted to utilities for a period of not less than two calendar years after the calendar year in which they are created. Applicant has agreed to adopt and follow rules and procedures to preserve the confidentiality of its customers' data.

Pursuant to the requirements of Subpart D of Part 451, Applicant certifies that any marketing materials that make statements concerning prices, terms and conditions of service shall contain information that adequately discloses the prices, terms and conditions of the products or services that it is offering or selling to the customer. Applicant also certifies that before any customer is switched from another supplier, it shall give the customer written information that adequately discloses, in plain language, the prices, terms and conditions of the products and services being offered and sold to the customer. Applicant further certifies that it will provide documentation to the Commission and to customers that substantiates any claims made regarding the technologies and fuel types used to generate the electricity offered or sold to customers. Applicant commits to provide to its customers itemized billing statements that describe the products and services provided to the customer and their prices; and an additional statement, at least annually, that adequately discloses the average monthly prices, and the terms and conditions, of the products and services sold to the customer.

Applicant certifies that it will include materials comprising the consumer education program pursuant to Section 16-117 of the Act with all initial mailings to potential residential and small commercial retail customers and before executing any agreements or contracts with such customers. Applicant certifies that it will provide consumer education program materials pursuant to Section 16-117 of the Act at no charge to residential and small commercial retail customers upon request. Applicant certifies that it will provide to residential and small commercial retail customers on a semi-annual basis information on how to obtain a list of alternative retail electric suppliers that have been found in the last three years by the Commission to have failed to provide service in accordance with the terms of their contracts pursuant to Section 16-117(g) (4) (C) of the Act.

Pursuant to the requirements of Section 451.50 of Part 451, Applicant provided a License or Permit Bond in the amount of \$300,000 issued by a qualifying surety authorized to transact business in Illinois. Attachment "D" to the Application is a copy of the required License or Permit Bond.

#### **IV. FINANCIAL, TECHNICAL, AND MANAGERIAL REQUIREMENTS OF SECTION 16-115**

Applicant asserts that it meets the financial qualifications set forth in Section 16-115(d)(1). Included in Attachment “E” to the application is information intended to demonstrate that Applicant meets the criteria set forth in Sections 451.320(a)(3) of the currently applicable rules, which provides that:

- 3) The applicant demonstrates and certifies it is a member of one or more RTOs and purchases 100% of its physical electric energy from the RTOs for delivery to the service territories of the utilities for which the applicant is seeking a certificate.

Specifically, Applicant certifies that it will purchase 100% of its physical electric energy from PJM for delivery into ComEd’s service territory. Applicant also provided documentation intended to verify that it meets the financial requirements of Part 451.

Applicant represents that it meets the technical and managerial qualifications set forth in Section 16-115(d)(1) of the Act and Sections 451.330 and 451.340 of Part 451. In Attachment “F”, the Applicant provided the name and relevant occupational background for its qualified staff. Pursuant to Section 451.330(b), the Application provided Applicant asserts that it further meets the requirements of Part 451.330 by designating contact information for where its staff can be directly reached at all times. Attachment “F” also contains a corporate organizational chart, which indicates the positions of those persons used to meet the requirements of Part 451.340. Applicant identified an individual, telephone number and facsimile number that can be reached at all times.

In Attachment “F” to the application, Applicant provided information intended to demonstrate that it meets the managerial qualifications set forth in Part 451.340, as well as a corporate organizational chart, which indicates the positions of those persons used to meet the requirements. Applicant further disclosed its contractor with the required experience to satisfy the managerial licensing requirement pursuant to Sections 451/340(a) and 451.350(a). The Applicant certifies that all of its agents or contractors will comply with all Sections of Part 451 applicable to the function or functions to be performed by the respective agent or contractor.

Applicant agrees to maintain a 24-hour manned energy desk for coordination with control centers of scheduling changes, reserve implementation, curtailment orders, and interruption plan implementation. Applicant provided a telephone number and facsimile number where its staff can be directly reached at all times. Having reviewed the information submitted by Applicant, the Commission concludes that Applicant meets the financial, technical, and managerial qualifications set forth in Section 16-115(d)(1) of the Act and Subpart D of Part 451.

The Applicant indicates that it has had one complaint filed against it by a customer in Pennsylvania, which complaint was dismissed due to the customer failing to appear for hearing.

The Applicant further certifies that in the event that the applicant bills any residential customer directly for supply, the applicant shall ensure that when marketing to residential customers who receive any type of low income energy assistance, the applicant has entered into the necessary agreements to allow low-income customers to receive Low Income Home Energy Assistance Program ("LIHEAP") benefits and Percentage of Income Payment Program ("PIPP") benefits.

## **V. REQUIREMENTS OF SECTION 16-115(d)(5) OF THE ACT**

On January 12, 2009, Public Act 095-01027 ("PA 95-1027") was signed into law in Illinois. Among many other things, PA 95-1027 amends Section 16-115 of the Act. Section 16-115(d)(5) requires, in part:

That the [ARES] applicant will procure renewable energy resources and will source electricity from clean coal facilities, as defined in Section 1-10 of the Illinois Power Agency Act, in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the Illinois Power Agency Act.

Applicant states that it intends to fully comply with Subsection 16-115(d)(5) of the Act and the specific requirements to procure renewable energy resources as defined in the Illinois Power Agency Act ("IPA Act"). Applicant maintains that it will procure renewable energy sources in accordance with Sections 16-111.5(d)(5) and 16-115D of the Act and will source electricity from clean coal facilities, as defined in Section 1-10 of the IPA Act, in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the IPA Act. Applicant indicates it is not a generator of electric power and energy (renewable or otherwise) and therefore contemplates that it will either purchase the required portion of its electric supply requirements from qualified renewable power generation sources directly, or more likely, purchase sufficient Renewable Energy Credits and/or make alternative compliance payments to meet the requirements of the Acts and related Commission requirements.

Having reviewed the information submitted by Applicant, the Commission concludes that Applicant meets the requirements set forth in Section 16-115(d)(5) of the Act. The Commission notes that it is responsible for enforcing the requirements of Section 16-115(d)(5) of the Act, as well as certain referenced requirements in the IPA Act, and Applicant must fully comply with all requirements contained therein.

## **VI. COMMISSION CONCLUSION AND CERTIFICATE OF SERVICE AUTHORITY**

The Commission has reviewed the application and attachments along with the supplementary information provided by Applicant regarding the technical, financial, and managerial requirements and all other requirements of the Act and Part 451 and finds that the Applicant sufficiently demonstrates compliance with the requirements.

The Commission concludes, therefore, that Applicant's request for a certificate of service authority to operate as an ARES in Illinois should be granted and should include the following authority:

CERTIFICATE OF SERVICE AUTHORITY

IT IS CERTIFIED that Inspire Energy Holdings, LLC is granted service authority to operate as an Alternative Retail Electric Supplier as follows:

SERVICES TO BE PROVIDED: The sale of electricity and power.

CUSTOMERS TO BE SERVED: All eligible residential and nonresidential retail customers.

GEOGRAPHIC REGION(S) SERVED: The service territory of Commonwealth Edison Company.

**VII. FINDINGS AND ORDERING PARAGRAPHS**

The Commission, having reviewed the entire record, is of the opinion and finds that:

- (1) Inspire Energy Holdings, LLC, a business organized under the laws of Delaware and licensed to do business in Illinois, seeks a certificate of service authority to operate as an alternative retail electric supplier under Section 16-115 of the Act;
- (2) the Commission has jurisdiction over Inspire Energy Holdings, LLC and the subject matter hereof;
- (3) the recitals of fact and conclusions reached in the prefatory portion of this Order are supported by the record and are hereby adopted as findings of fact, as required by Section 16-115(d)(1) of the Act;
- (4) Inspire Energy Holdings, LLC has demonstrated that it possesses sufficient financial, managerial and technical resources and abilities to provide power and energy to eligible residential and non-residential retail customers throughout the areas certified herein;
- (5) Inspire Energy Holdings, LLC has complied with Section 16-115(d)(1) through (5) and (8) of the Act and 83 Ill. Adm. Code 451; and
- (6) Inspire Energy Holdings, LLC should be granted a certificate of service authority to operate as an alternative retail electric supplier as specified in Section VI of this Order.

IT IS THEREFORE ORDERED by the Illinois Commerce Commission that Inspire Energy Holdings, LLC is hereby granted the Certificate of Service Authority as set forth in Section VI of this Order.

IT IS FURTHER ORDERED that Inspire Energy Holdings, LLC shall comply with all applicable Commission rules and orders now and as hereafter amended.

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By Order of the Commission this 22nd day of March, 2017.

Dear Ms. Schmitt:

On January 17, 2014, Inspire Energy Holdings, LLC ("Company") filed an Application for a License to Supply Electricity or Electric Generation Services in Maryland under COMAR 20.51. The Company proposes to provide electricity supplier services in Maryland for residential, commercial and industrial customers as described in the application. Additional information was filed on February 10, 2014 and February 18, 2014.

After considering this matter at the February 26, 2014 Administrative Meeting, the Commission granted the Company a license to supply electricity or electric generation services in Maryland in accordance with its Application (License Reference Number IR-3259). The license granted by the Commission under this Letter Order is limited solely to electricity supplier services to residential, commercial and industrial customers. Additionally, the Company is directed to provide marketing materials specific to its Maryland operations upon development for Commission Staff and Office of People's Counsel review.

Finally, the Company is reminded that it is under a continuing obligation to notify the Commission within 30 days of any changes to the information upon which the Commission relied in granting this license. A copy of the supplemental or updated information is required to be filed concurrently with the Office of People's Counsel.

**RE: Inspire Energy Holdings, LLC – ESCO Code**

Dear Mr. Maloney:

Thank you for submitting your Retail Access Application Package to become an Energy Services Company (ESCO) serving residential and non-residential electric customers in New York State. This letter is to inform you that documentation submitted in your application package has been reviewed by Staff and established to be in compliance with the New York State Public Service Commission's ESCO eligibility requirements that are implemented by codes and regulations found in the Uniform Business Practices, the Home Energy Fair Practices and other applicable regulations.

I am also pleased to notify you that Inspire Energy Holdings, LLC has successfully met the Commission's EDI Phase I certification requirements for core, bill ready and rate ready transactions effective April 14, 2014. All requirements for this initial stage of your eligibility determination have been satisfied.

Please be advised that you may now continue with the utility approval stage of the eligibility process by contacting those companies in whose service territories you intend to participate. The utility stage normally consists of a creditworthiness determination, completion of Phase III EDI testing and the execution of any operating or billing service agreements. Please note that each utility's eligibility requirements pertain to only their retail access programs.

Once you have satisfactorily completed the utility eligibility stage, Staff will be notified by the utility of your success. It would be helpful if Inspire Energy Holdings, LLC notifies Staff of the actual production date in the utility service territories you intend to enroll customers. At that point I will confirm that your final eligibility requirements have been satisfied.

Re: Electric Generation Supplier License A-2013-2376082

Dear Ms. O'Dell:

On September 26, 2013, the Commission issued a license at Docket No. A-2013-2376082, authorizing DWP Energy Holdings, LLC (DWP) the right to begin to offer, render, furnish, or supply electric generation supplier services as a supplier to residential, small commercial (25 kW and under demand), large commercial (over 25 kW demand), industrial and governmental customers in all electric distribution company service territories within the Commonwealth of Pennsylvania.

On January 9, 2014, DWP filed a request that the Commission change the name on its license to provide electric generation supplier services to Inspire Energy Holdings, LLC.

Inspire Energy Holdings, LLC has provided the proper Pennsylvania Department of State documentation and a bond or other approved security as required by this Commission.

Therefore, the Commission approves, by this Secretarial Letter, the change of DWP Energy Holdings, LLC's name on its license for the provision of electric generation supplier services as a supplier to residential, small commercial (25 kW and under demand), large commercial (over 25 kW demand), industrial and governmental customers in all electric distribution company service territories, within the Commonwealth of Pennsylvania, at Docket No. A-2013-2376082, to Inspire Energy Holdings, LLC. The Secretary's Bureau will issue a new license with the name change.

If you have any questions in this matter, please contact James Shurskis of the Bureau of Technical Utility Services, 717-787-8763, or email [jshurskis@pa.gov](mailto:jshurskis@pa.gov).

Be advised that to maintain your ESCO eligibility, you must notify Staff of any substantive legal, financial or business related changes to your company as they occur. If your business plan changes and you decide to expand your service offerings, you must immediately submit the appropriate documentation for Staff review and determination of how it affects your current eligibility.

If you are using vendors to provide ESCO related services (e.g., EDI), the ESCO remains fully responsible for any activities the vendors perform. If you have not already done so, or if you have changed vendors since last reporting them to us, please provide Staff a list with contact information for all vendors that you are now using. **It is your responsibility to send marketing materials to us for review before you begin marketing to residential customers. *Finally, you must submit a statement annually, by January 31<sup>st</sup>, indicating that the information in your original or most recent updated Retail Access Application (RAAF) remains current, or submit a revised RAAF with statement identifying revisions.***

We will only post your company's contact information on our Website once you have completed the eligibility process and are ready to begin enrolling customers. Please do not hesitate to contact me at (518) 473-8175 or [Robin.Taylor@dps.ny.gov](mailto:Robin.Taylor@dps.ny.gov) if you have any further questions or concerns.
